

DŽENAN KOŠUTA

SOFTWARE DEVELOPER

Profile

I am a rising software developer in developing dynamic web applications. I have technical skills as well as excellent interpersonal skills, enabling me to interact with a wide range of people.

I am eager to be challenged to grow and further improve my IT skills.

I am an energetic, ambitious person who has a responsible approach to any task that I undertake or situation that I am presented with.

As a mathematician, I have experience in solving complex problems and finding the best and easiest way to solve them.

I always aim at striking long-term working relations.

Experience

● **August 2023 - Present**

Lyntel

Software Developer, Remote

At Lyntel, I specialize in React Native development for our eSIM app, collaborating with a talented team to simplify global connectivity, enhance IoT capabilities, and streamline travel experiences. I'm dedicated to crafting top-tier solutions, contributing to Lyntel's vision of transforming connectivity.

● **March 2023 - Present**

Adjan AutoPro

Software Developer, Remote

As a Software Developer at Adjan AutoPro, I specialize in React Native app development. I collaborate closely with a dedicated team, including backend developers and designers, to create user-friendly, performance-driven applications that enhance industrial process automation, benefiting businesses across diverse industries.

● **September 2022 - March 2023**

Pitaj učene

Software Developer, Remote

In my previous role, I contributed as a React Developer to the development of the web quiz app "Islamski kviz - pitajucene.com," leveraging React and SocketIO. My active involvement extended to successfully overseeing the migration of the web application from React to a React Native mobile app, further enhancing its accessibility and user experience.

● May 2022 - August 2023

CENTARNIT

Teacher of IT Camp, Python Teacher, Novi Pazar, Serbia

As an IT Camp instructor, I brought extensive expertise in front-end web development, covering HTML, CSS, JavaScript, and React. I was passionate about fostering students' growth as developers through interactive teaching methods.

● September 2021 - August 2022

OŠ "Vuk Karadžić"

Teacher, Novi Pazar

Through my work as a teacher, I developed strong communication and organizational skills, as well as the ability to adapt to different learning styles and needs.

Education

● February 2021 - November 2021

IT Camp

CENTARNIT, Novi Pazar

I attended IT Camp at CENTARNIT, where I gained proficiency in front-end web development, including HTML, CSS, JavaScript, and React. Through hands-on training and collaborative projects, I mastered responsive, interactive user interfaces and modern web development frameworks.

● October 2019 - September 2020

Mathematics - Master's degree

State University Of Novi Pazar, Novi Pazar

I completed my Master's in Mathematics at the State University of Novi Pazar in 2020, focusing on 'Important Trigonometric Inequalities,' which advanced my mathematical knowledge.

● October 2015 - September 2019

Mathematics - Bachelor's degree

State University Of Novi Pazar, Novi Pazar

I earned a Bachelor's degree in Mathematics, where I gained a strong foundation in calculus, algebra, and geometry. My studies developed critical thinking and problem-solving skills.

● September 2011 - June 2015

Computer Network Administrator

Technical School, Novi Pazar

I earned a Technical School degree in Network Administration, specializing in computer networking, system administration, network design, configuration, management, and security protocols.
